OBJECTIVE

Looking for entry level position to kickstart my career in the cooperate field.I wish to work in a dynamic organization that will contribute for my professional growth while I contribute to growth of the company as well as engage in opportunities to further the company's goals.

CERTIFICATION

Java Full Stack Development 12/2022
Jspiders,Rajajinagar,Bangalore.

PROJECTS

- Movie Ticket Booking using Laravel and PHP.
- Hotel Room Booking Reservation using Laravel and PHP.
- IRCTC Cloning Using HTML and CSS.
- Windmill Power Generation for Agricultural Applications.

INTERSHIP

Intern at Kods Software Technologies.

AUG 2023- Present

- During my internship, I embarked on a self-directed learning journey, which enabled me to acquire proficiency in essential technologies such as Laravel PHP, MySQL, and Bootstrap. This experience equipped me with a strong foundation in web development.
- I actively contributed to two real-time e-commerce projects, showcasing my capability to create and maintain web applications. Within these projects, I played a pivotal role in various aspects, including user, admin, delivery partner, and vendor modules. This involvement allowed me to gain substantial expertise in both frontend and backend tools, fostering logical thinking and problem-solving skills.

ACHIEVEMENTS

Publication in International Journal of Scientific Research in Engineering and Management.

Windmill Power Generation for Agricultural Applications
ISSN:2582-3930,Vol:06,Issue:07,JULY 2022.
